Ah, Mr. Hatter!
I-It's alright.
Over there~!

There's milk!!

Not that!!
Even its name gives off bad vibes!!
Mario. Alex. There's a limit to jokes.
I'm sorry, but can you wait until he comes back?
she's gone after a while.
Yes! I'm fine.
But...
March Hare will be angry.
It's alright.
He can never win against me.
MISTY RAIN
Of course!!
Mr. Hatter is the strongest!!
Glee, thanks, but I'm not that strong.
That's not true!! Mr. Hatter is super strong!!
March Hare is strong too, but Mr. Hatter is even more amazing!!
Glee... Don't you think he deserves too much?
KICK
MMM!!
Even March Hare is no match against you!!
Both of you are amazing!!
Ah, he smiled!

And...
There's more!
Of course! Mr. Hatter is good at sewing too!
Emm... And... Aha! At cooking too!! The cake Mr. Hatter baked was very delicious!
Although the one March Hare baked was good too.

Now that I think of it, I think March Hare's cooking is getting better!
Mr. Hatter is more attentive, isn't he?
He was scolded a lot by Mr. Hatter in the beginning, but now he does it by himself too!
And I'm not cooking it for you!
Plus, he's strong, good at cleaning, and there's nothing he can't do!!

.....
Really... how nice...

Mr. Hatter??

MISTY RAIN

I'm sorry...
No need to apologize, Ms. Hatter.
Mph
Mr. Hatter is a really good person.
It's just that others don't realize it

Even when you were angry enough to turn over the table...
Even when you must've acted without thinking,

you didn't forget to get the tea kettle I was in.

Mr. Hatter, thank you very much.

MISTY RAIN

Ann, huh...
He said he's going there to get the ingredients for his party, right?

I don't like rats, but I like nasty ones like you!
Because we get along!
Squeal

Then...
Hatter must be alone right now, hm?

Ah... There's one more, isn't there~?

It was mentioned in Alice's Adventures Underground that Alice was a little girl who loved to read books. Alice's sister, Lorina Liddell, was also mentioned to be a reader. Charles Dodgson, who was a friend of the Liddell family, was also known to be a reader. Because they were all readers, Dodgson decided to write a book for Alice. Alice's Adventures Underground was the first draft of Alice's Adventures in Wonderland. Dodgson wrote Alice's Adventures Underground by hand and illustrated it himself. He gave the book to Alice as a present. Alice's Adventures Underground was published in 1886 by Macmillan and Co. in London.

There was a long question amongst the comments on chapter 13, so I brought it here.

Fanboy asked the mother hen questions about what existing the Wonderland. Firstly, the real Alice sold away the novel, but unless the Alice inside the story is erased by the author or changed into a different person, Alice's fate theres asked to relate the real Alice and the one inside the story. Secondly, story theses repeats. After you read it and go back to the first page, the story repeats again. Knowing that you also said that the original Alice has abandoned there. But, the day Alice abandoned there is hundreds of years before the present. If that is so, where did the time between then and now go? You're not going to say that they spent twenty that long time without Alice, are you? Thirdly, as I've mentioned previously, story repeats. Even if the mother Alice finishes the adventure and goes back to the reality, the character inside the book will continue to meet Alice. How are you going to explain that? Fourthly, Hatter, Hare, Queens, and Dodo already knew Alice once they saw Alice over and over. However, the cat doesn't. But doubtful met Alice before too, as cat is scared for two times. Alice as well. These were my questions. Although it is too much for mothers and progress without explaining all these details, I think the story will have higher completeness if you don't skip these details and explain in a natural way. Anyway I'm enjoying the story very much.)

I've already planned them out **

However, if I answer these now, it'll become a spoiler... ^^;;;;

There's a reason why I watered (?) about how at least 1 of <For Alice> will become over 1,000 chapters

Since the scale is big, it'll become a wikipedia and not a manhwa if I explain these all.

So, I'll slowly explain them out

To give you a hint,

The characters who know of the existence of Alice is...

Hearts Queen, Hatter, Dodo...

And...

First to start things was the Queen-em.

And the ones who agreed to this is...

These are all the characters revealed so far

He won't be saying he'll quit as soon as it began, would he?

I wonder what happened to the middle. Hahahaha

Then, peace out. Twink~
